1. Description

In this modern world, every institution has to update its information on their website, social media etc. in the public domain which helps to access the information easily. In our college there is an implementation of E-governance in some of the areas such as administration, finance, examinations, library, to maintain the internal assessment process in the institution on Panjab University online portal. Every possible effort is made to apply e-governance partially in different areas of operation which reduces labour cost, paper cost and helps in retrieval of information whenever required. The college tries it's best to keep in touch with the latest tools of technology as the college staff uses smartphone with inbuilt social apps like gmail and WhatsApp through which they share the notes to students and forward the topic of assignments. Particularly during the COVID-19 pandemic period, these tools are very useful in the teaching learning process. Library has facility of N-list through which there is an access of E-journals and e-books.
